FOREWORD

The American Miniature Horse Association, Inc., was incorporated in July 1978 to provide an organization to promote the breed and to maintain a permanent registry devoted wholly to the interests of the Miniature Horse. The AMHA is chartered under the laws of the State of Texas as a nonprofit corporation. The Association is an exempt organization under Section 501 (c) (5) of the Internal Revenue Code.

As defined by AMHA, any horse that exceeds thirty-four (34) inches in height is NOT a Miniature Horse and is not eligible for registration. Temporary papers are issued to Miniatures whose parents are both registered with AMHA. If after three (3) years of age the horse is thirty-four (34) inches or under, application may be made for permanent registration.

Membership in AMHA is available to all persons who subscribe to the objectives of The American Miniature Horse Association, agree to abide by its rules and regulations, and who apply for membership. Regular members are those persons who have registered with AMHA one or more horses and who have paid their membership fee. Associate members are persons who do not have horses registered with AMHA. Youth members are those persons under age nineteen (19) who are interested in the objects and purposes of the Association but who may or may not own a Miniature at the time of application for membership. All regular members are entitled to vote on any Association matters, whereas Associate and Youth members do not have voting privileges.

THE MINIATURE HORSE WORLD, published periodically by AMHA, and the AMHA website - www.amha.org - are the best sources of information concerning Miniature Horses. This outstanding publication provides articles by experts in all fields of the horse world, a show calendar, advertisements and articles by breeders, and much, much more. A free breeders list is also available upon request.

Miniature Horse shows give breeders and exhibitors opportunities to compete for awards. These competitions enable the public to see the various types and uses of the versatile Miniatures at their best.

THE AMERICAN MINIATURE HORSE STANDARD OF PERFECTION

(Amended 02-12, effective 1-13)

BREED OBJECTIVE: To produce the smallest possible perfect horse.

GENERAL IMPRESSION: The American Miniature Horse is a beautiful, small well balanced horse that if all reference to size were eliminated, would have the same conformational proportions of other full sized light breeds. The mares demonstrate refinement and feminine qualities. The mature stallions show boldness and masculinity. The general impression is to be a balanced individual regardless of size with symmetry, strength, agility and alertness. Movement is strong, natural and athletic. In motion the horse will exude athleticism as demonstrated by suppleness of the shoulders and engaged hocks. In judging when characteristics are almost equal, preference must be given to the smaller horse.

TEMPERAMENT: Temperament is reflected in its personality. The American Miniature Horse is intelligent, curious, gentle, sensible, willing to cooperate and easy to train.

SIZE: Measuring at base of the last hair of the mane (Art XI, Sec 4), the mature animal must not exceed 34 inches. Horses two years old or younger conform to the height for age requirements as stated in the show rules (GR-020- Height verification) and (CL-005).

COLOR: Any coat color, pattern, white markings and eye color are equally acceptable.

HEAD: The head is beautiful, triangular in shape and comparatively small in proportion to the length of neck and body. The forehead is broad with large, prominent eyes. The eyes are set well apart and are placed approximately 1/3 the distance from the poll to muzzle. The distance between the muzzle and eyes is comparatively short. A profile may be straight or slightly dished below the eyes, blending into large nostrils on a small, refined muzzle.

BITE: When viewed from the side, the meeting point of the center incisor teeth should be equal and even. A slight deviation no more than half the width of the tooth's surface is permissible without fault. The accuracy of the bite may vary according to age. As the premolars and molars move into location, the alignment of the jaw could vary during this process.

EARS: The ears are set on top of the head and carried alertly. They are medium in size, well shaped with pointed tips curving slightly inward.

NECK: The neck is set on the top of a well-angulated shoulder, departing well above the point of the shoulder and blending into the withers, giving the impression of the neck sitting on top of the withers rather than in front of them. The slender neck is slightly arched forming a gentle curve from the poll to the back. Its length is in proportion to body with the top line being considerably longer than the bottom line. The throatlatch is clean and well defined, allowing flexion at the poll and normal respiration.

SHOULDERS: The shoulders are muscular, long, sloping, well angulated (45-50 degrees), allowing for a free swinging stride and alert head/neck carriage.

BODY: The body is compact with a short back, close coupling, broad loins, deep flank and well sprung ribs. The back has a long, level, well muscled croup and is smoothly rounding at the hip. The tail is well set. The underline of the body should be long but not tucked up at the flank. At maturity, the top of the hip must not be higher than the withers. The chest is medium width with defined muscular development.

LEGS: The legs appear longer than the body is deep. They possess flat bone, and an appearance of over-all substance with refinement. Legs are structurally straight and parallel when viewed from the front and back with hooves pointing directly ahead. The pasterns have sufficient length and angulations to provide a light, springy step. The front legs possess a well muscled forearm, relatively long in proportion to a short cannon. Front pasterns slope 45 to 48 degrees and blend smoothly with no change of angle from the hooves to the ground.

The rear leg structure must demonstrate good angulations and proper flexion of the hocks for athletic movement; have the stifle placed well forward and low in the flank area with thighs and gaskins well muscled. The gaskin is relatively long in relation to the cannon. The rear cannons are perpendicular to the ground when points of hocks and buttocks are in the same vertical lines. Back pasterns slope 40 to 50 degrees and blend smoothly with no change of angle from the hooves to the ground. The hooves are trimmed to a practical length and have sufficient toe length and angle with spread of the heels for the size and proportions of the animal.

MOVEMENT: The walk is a natural free flowing, four beat gait with length of stride proportional to the height and length of leg. The trot is a natural forward, free flowing two beat diagonal gait where the knee and hock are synchronized in their elevated, flexed and extension movement. When viewed at a walk and trot from the front, the horse will replicate the structural correctness of its stance. The American Miniature Horses' conformation allows them to trot willingly and freely at liberty or pulling a pleasure cart.

JUVENILE CONSIDERATIONS: The body of the junior horse demonstrates stretch and frame to be filled in with muscling appropriate for its age. A mature adult look is not desirable.

When a formal complaint is received at the AMHA office, the complaint must be in the form of a letter that is dated, signed and a \$100.00 filing fee attached by the individual filing the complaint. If a telephone, email or faxed complaint is received, the office manager will notify the individual that a dated letter with the original signature of the member filing the complaint must be mailed to the AMHA office with a \$100.00 fee for any action to proceed. Electronic signatures will not be accepted.

If one or both parties want to present their side of the complaint to the EC, another meeting will be scheduled. The President or Vice President will determine if both parties may be on the same call.
6. Once the investigation starts and while it is ongoing, the Complainant and the party which the complaint is filed against will be notified to not have any communication with each other until the EC completes its investigative processes.
7. During the final meeting, every attempt will be made to protect individual rights and satisfactorily resolve the complaint between the parties involved. Every attempt will be made to keep this complaint from going forward to a Hearing Board however, all information that has been gathered during the initial investigation will be forwarded to the Hearing Board if one is necessary.
8. The EC will decide if the complaint has been resolved or whether a Notice of Charge should be issued. If a Notice of Charge is issued, the \$100.00 filing fee will be returned to the member filing the complaint. Both parties will be notified of the decision. (Amended 02-15, effective 01-16)

171D Horse's Eligibility to Participate in Shows

No horse which is recorded in the name of such person or spouse, or any member of same household, is eligible to participate in any event approved or recognized by the Association, such as shows and sales.

171E Personal Signature Recognition

The Association shall not accept the signature of such person or his/her spouse, nor the signature of any member of his/her household on registration applications, breeding certificates, or stallion breeding reports evidencing breeding on or after date of such disciplinary action.

1. Such signatures will be honored on transfers and bills of sale for the purpose of allowing such disciplined person or spouse to transfer horses recorded in his or her ownership at the time of the disciplinary action.
2. Written leases filed with the Association prior to time of disciplinary action and covering horses owned by the disciplined person or spouse shall remain valid and the signature of the lessee shall be accepted during the term of lease, but not for renewal thereof.

172 AGENTS AND EMPLOYEES

If any person acting as an agent for the owner of a horse, or any person having horses owned by another in his care, custody, or control, is found to have violated these rules and regulations, the Hearing Board may proceed against that person as provided for in these rules. In addition, the Hearing Board may direct the Association to refuse acceptance of any registration, or transfer of certificates of registration, or breeder's certificates, or all three, for horses which are in such person's care, custody or control.

173 FURTHER ACTION

During the period of expulsion, suspension, or denial of Association's privileges, failure to comply with these restrictions and any other expressed condition or restriction of said disciplinary

action, may constitute grounds for further disciplinary action.

174 PUBLICATION

When a member is disciplined, suspended, or expelled, or a non-member is denied membership privileges, notice of the imposition of any penalties against such person, including duration of the action taken will be published in the Miniature Horse World. This does not apply in cases of private censure. No publication shall be made for at least thirty (30) days after the decision of the Hearing Board to allow for the expiration of time, of which may be applicable, under Rule 165.

175 RESTORATION OF PRIVILEGES

The Association shall restore privileges, including membership, to any person who has been denied privileges pursuant to this rule, upon application and satisfactory proof by such person that restoration of privileges is warranted.

176 NOTICES

Any and all notices required or permitted under these rules and regulations will be deemed given on the date such notice is mailed to a person's last known address according to the Association's records.

RECORDS

180 INDIVIDUAL PERSONAL REQUIREMENTS

Any person subject to these rules and regulations may be required to supply any information and documents that the Association may determine to be necessary with respect to the registration of horses or the transfer of registration certificates.

180A Record Keeping

Complete and accurate records of breeding (hand, pasture, artificial insemination or embryo transfer), foaling, etc., must be kept in permanent form by owner of horses, and these records must be made available to the Association as may be determined necessary with respect to the registration of horses or the transfer of registration certificates.
(Amended 02-07, effective 01-08)

180B Failure to Keep or Show Records

If the Association determines that no systematic and satisfactory plan for keeping records is in use, or if no records are made available upon the Association's written request for compliance, the Association may, for up to forty-five (45) days, temporarily refuse registration or transfer of registration certificates from such owner until the records are complete. If during that forty-five (45) day period the owner fails to demonstrate compliance with the Association's request to provide the office with such paperwork or for keeping and maintaining a systematic and satisfactory set of records, the Association may proceed against the owner under the rules of Disciplinary Procedures.

180C Annual Stallion Reports

Stallion Breeding Reports (with the exception of stallion breeding reports for embryo transfer that must be submitted at the time of embryo transfer) shall be submitted to the Association office by the following January 15th of each preceding breeding year. A filing fee of ten dollars (\$10.00) per stallion must be submitted with the report. If stallion is co-owned with “and”, signatures of all owners are required to sign the stallion breeding report.

(Amended 02-07, effective 01-08)

(Amended 02-11, effective 01-12)

If submitted as a late report (after January 15th) the fee of twenty-five dollars (\$25.00) filing fee plus ten dollars (\$10.00) per mare must be PAID. All fees must be paid before the foaling date of a resulting foal or blood-typing/DNA-testing for parent qualification of the foal will be required for the foal to be considered for registration.

(Amended 12-03, effective 01-04)

When a stallion owner signs and presents a mare owner with a breeders certificate, but fails to submit a stallion breeding report or include that mare on his annual Stallion Breeding Report, then the stallion owner will be billed the late fee amount(s) and have all future transactions put on a hold status until those fees are paid and a late or amended stallions breeding report is submitted. The mare owner, upon presenting the registry with a signed breeders certificate will be given papers on the foal in question, providing that all other matters are in order (mare and stallion have valid certificates, etc.)

(Amended 02-04, effective 01-05)

If not submitted and foal is born a report must be filed, a twenty-five dollar (\$25.00) late filing fee plus ten dollars (\$10.00) per mare paid and the foal parent qualified by blood-typing/DNA testing the foal, sire and dam. A corrected late Stallion Breeding Report is not required if the owner of both stallion and mare at the time of breeding was also the owner of the foal at the time of parent qualification.

(Amended 02-03, effective 01-04)

If a breeding stallion dies during any current breeding year, his Stallion Report is due within thirty (30) days following his death.

Stallion Breeding Reports for the Southern Hemisphere shall be submitted to the Association office by August 1 with no grace period.

If stallion owner does not pay the required fees, and foals are born, the owner of the new foal applying for registration may pay the late stallion fee (to be paid only once) and the late mare fee only on the mare or mares involved. The registration process may then proceed after DNA with parent qualifying.

(Amended 02-03, effective 01-04)

180D Corrections/Additions to Stallion Reports

Stallion Breeding Reports which require a correction or an addition will result in a twenty-five dollars (\$25.00) fee per horse for each mare omitted or twenty-five dollars (\$25.00) correction fee for incorrect number or name on report.

Correction/additions must be submitted and PAID before foaling date of resulting foal or parentage qualification will be required to verify the correction/addition in order to register the foal.

In addition, the registered owner (or authorized agent) will be required to submit the necessary blood work and/or DNA Testing, at said owner's or agent's expense, to verify the correction or addition. Failure to remit stallion reports will also be handled according to the above procedure.

180E Sale or Death of Stallion

Within thirty (30) days after a stallion is sold, the previous owner or registered agent, must file a stallion breeding report with the Association. If a breeding stallion dies during any current breeding season, the stallion breeding report is due within thirty (30) days following the death.

180F Service/Breeder's Certificates

A service/breeder's certificate (with the exception of service/breeder's certificate for embryo transfer) signed by the owner of the stallion (and the owner of the mare at time of breeding if not same owner at the time of foaling) must be submitted with the application of registration of a foal. If stallion is co-owned with "and", signatures of all owners are required to sign the service breeder's certificate. The dates must correspond with the stallion breeding report. This is not required if the owner of the sire and dam at the time of breeding is the same as at the time of foaling. A service/breeders certificate with alterations or changes will not be accepted.

(Amended 02-07, effective 01-08)

181 RIGHT TO REFUSE, DENY, OR CANCEL REGISTRATION

The Association shall accept only Miniature Horses that qualify for registration, and deny requests for registration, transfer, or cancel existing registration certificates under the bylaws, rules and regulations of the Association. Should the Association take any such action, the Association will send written notice to the person(s) involved, who may then request a Hearing to determine the validity of action taken.

Any letter of complaint regarding registration of an AMHA horse must be accompanied by a complaint filing fee of \$100.00. This deposit shall be returned to the complainant in the event the complaint is sustained.

(Amended 02-03, effective 01-04)

181A Request for Hearing

The request must: be in writing, state all grounds and reasons upon which the applicant relies for determining valid registration, and be received by the Association within thirty (30) days after receipt of the Notice of Denial or Cancellation.

181B Burden of Proof

If a request for a Hearing is received in accordance with this rule, a Hearing will be held as provided in rules 160-165 on Hearings. In all disciplinary matters the burden of proof lies with the charged person. The applicant or person(s) seeking registration or to retain or change status of registration of a horse will have the burden of proving that the horse qualifies for registration in the Association. In all proceedings concerned with or affecting the registration and records of the Association, the burden of resolving any doubt as to the true parentage or identification of a horse shall be upon the applicant, owner, lessee, or other member(s) involved. If no request for a Hearing is received within the required time period the decision of the Association stands as final.

181C Blood Typing and/or DNA Testing

Blood typing and/or DNA testing may be required at the discretion of the Hearing Board to resolve any question or doubt as to the parentage or identification of the horse. In consideration of such tests and other information as may be available, the Hearing Board may authorize such corrections on the records of the Association. The recorded owner of a horse must agree to permit such tests which will be at the expense of the owner. Refusal by an owner to permit blood typing and/or DNA testing under this rule may result in cancellation of registration and penalties under rules of Disciplinary Procedures.

181D Blood Typing/DNA Laboratory Reports

DNA samples and results are the property of AMHA. Effective May 17, 1997, AMHA will not require owner permission to parent qualify a horse born after January 1, 1996 which is already registered with AMHA. Permission must be obtained from the owner for parent qualification of horses born before January 1, 1996 which are registered with AMHA.

182 PROCEDURE FOR DENIAL OR CANCELLATION OF REGISTRATION

The Association may propose to deny or cancel the registration of a horse if it finds that there are reasonable grounds to believe:

1. That the horse does not meet the requirements for registration; or
2. That the horse identified as the subject of registration is not the same horse the certificate is issued to or requested for or;
3. That any information on the application or registration certificate is determined false or incorrect.

The Association will advise the recorded owner in writing of any proposal to deny or cancel the registration and the reason supporting this proposal. The recorded owner shall have thirty (30) days to provide the Association's Registrar with information preventing the denial or cancellation. If such information does not resolve the difficulty the decision of the Registrar stands. If desired, the recorded owner may then request a Hearing as per rule #181. If no hearing is requested, the recorded owner shall relinquish the original registration certificate within thirty (30) days to the AMHA office for cancellation.
(Amended 02-04, effective 01-05)

183 PUBLICATION

Notice of any cancellation of certificates of registration may be published in the Miniature Horse World.

184 REGISTRATION PROCEDURE

Applicant must complete, sign and submit proper AMHA registration application forms, with four color unaltered photographs of the horse taken in accordance with requirements on the form, to the Association's Registrar. Beginning January 1, 2014 only offspring of two (2) AMHA registered horses shall be eligible for registration. The AMHA shall have the right to require parent qualification by DNA of any horse whose parentage is in question.
(Amended 02-08, effective 01-09)

184A Responsibility

1. All stallions bred to five (5) or more mares in a calendar year must be blood typed and/or DNA tested before any resulting foals or foals from future breeding will be considered for registration. No foals born after December 31, 1994, will be registered until this requirement is met. After the blood typing or DNA test results are on file with AMHA, the stallion is not required to be tested again.
2. All foals born after December 31, 1995, must be DNA tested or blood typed prior to registration of their offspring.
3. Any horse born after 2005 that is DNA tested shall be Parent Qualified if both parents have been DNA tested.
4. The owner of record or lessee of record of the dam at time of foaling is responsible for registration of the foal with the exception of embryo transfer. (See 192C Embryo Transfer). If a foal is to be listed in an individual's name other than the owner or lessee of the dam at time of foaling, then a transfer report and fee shall be required. If the owner/lessee of the dam at time of foaling fails to take responsibility for registering the foal, the owner/lessee forfeits the right to name the offspring.
(Amended 06-03, effective 01-04)
(Amended 02-05, effective 01-06)

(Amended 02-07, effective 01-08)

184B Naming of Horse

The owner or lessee of record of the dam at time of foaling has a right to name the offspring. The name of the horse cannot be a duplication of any other name and cannot be deceptively similar to any other name recorded on the records of the Association. The name of the horse may be distinguished by a prefix or suffix which is not a duplication of or deceptively similar to a prefix and suffix which has been previously reserved by written request and payment of the required fee to the Association. The filing of such a reservation does not override any rights that another member or nonmember may have to the exclusive use of a prefix, suffix or horse name pursuant to federal trademark or trade name laws or other laws similar thereto including, but not limited to, common law surrounding rights in trademarks and trade names. The Board of Directors of the Association may adopt procedures and guidelines for the implementation of the prefix and suffix reservation process and for determining when and if a prefix and suffix or horse name is deceptively similar to a previously recorded horse name or previously reserved prefix and suffix and published in *The Miniature Horse World*, or elsewhere as required by copyright or trademark laws, for 60 days. Names of horses may not be changed after registration; however if blood typing and/or DNA testing results in a change of sire and/or dam and the registered horse's name includes the name of either sire or dam, only that portion of the name must be deleted or changed. When it is determined by the Registrar that a name is offensive to any race, creed, color or national origin, the Registrar has the right to refuse the registration. The name of a horse may not be changed after registration unless it is offensive to any race, creed, color or national origin, in which case, the Registrar has the right to require a change in the offensive part of the name only.

(Amended 02-09, effective 01-10)

184C Breeder

The owner or lessee of record of the dam at time of service or embryo transfer shall be listed as the breeder.

(Amended 11-21, effective 01/22)

184F Reinstatement

Revoked registration papers may be reinstated, provided the horse is thirty-four (34) inches or less in height, by paying two (2) times the normal cost of applying for permanent status per the fee schedule.

184G Foals of Temporary Registered Parents

1. No foals for which an application for registration has been submitted to the AMHA office shall be accepted into the registry while either parent's registration certificate is revoked.
2. Foals will be registered only if both parents registration certificates are valid (valid date on certificate) as of the postmark date of the application.
3. The height of the temporary registered sire and or dam is required on the foal's certificate along with the word "temporary."

Any horse (excluding geldings) over two (2) years of age (24 months) that has never been registered with the Association but has AMHA-registered parents, must be blood typed and/or DNA tested along with the sire and dam for parent qualification of foal before registration can be completed. All other registration requirements must also be met.
(Amended 02-04, effective 01-05)

186 CERTIFICATES

The Association shall issue a Certificate of Registration based upon information submitted on proper form attesting to the qualification for registration.

186A Documents Without Signature of Recorded Owner

Whenever legal title to a registered horse passes to another by reason of death of the recorded owner, by reason of foreclosure of any liens, or by any order or decree of court, or otherwise by operation of law, the Association may transfer the registration of such horse to the new owner upon:

1. Order of a court of jurisdiction or other satisfactory proof of authority for transfer;
2. Payment of the transfer fee and any reasonable cost and expenses of investigation and;
3. Satisfaction of such other requirements as may be adopted by the Association.
4. If by any order or decree of court, or otherwise by operation of law, a person is ordered or has legally agreed to comply with any request for information or signature(s) from AMHA and that person does not comply, then AMHA may proceed without the signature(s) of that person. AMHA must have backup documentation that every effort has been made to obtain the information or signature(s).

(Amended 02-03, effective 01-04)

Only the lessee name will be listed on all show programs and awards until such lease is terminated. The notice shall provide the effective date of the lease, the name and registration number of the horse, and may provide a termination date.

Otherwise it may be terminated by written notice, giving termination date signed by both lessor and lessee; or by a properly executed transfer report which shows a change of ownership from lessor to lessee and which is signed by lessor. No additional fee shall be charged for termination, whether automatic or by subsequent notice thereof. The effective date will be determined by the date of postmark or date hand delivered to the AMHA office. A backdated lease will not be accepted.
 (Amended 12-03, effective 01-04)

AMHA will recognize leases if submitted for show purposes only, with a 12 month automated termination of the lease. If submitted for breeding purposes, the lease would be accepted without an ending date or with an extended time period of 18 months. If a

lease is submitted without an ending date and AMHA receives a transfer of ownership to someone other than the lessee and AMHA is unable to locate the lessee for a signature to terminate the lease, the AMHA Executive Committee would decide if the lease should be terminated.

(Amended 02-03, effective 01-04)

(Amended 02-09, effective 01-10)

BREEDING REQUIREMENTS

190 FORTY-TWO DAY RULE

After a mare has been exposed or bred to one stallion, either by hand or pasture breeding, with the exception of embryo transfer, at least forty-two (42) days must elapse before exposing the mare to a different stallion.

(Amended 02-06, effective 01-07)

(Amended 02-07, effective 01-08)

191 PASTURE BREEDING

Only one stallion may run with a mare or group of mares in a pasture, and they must be enclosed by permanent fencing maintained in such manner that no other stallion can cover a mare in said group.

192 ARTIFICIAL INSEMINATION & EMBRYO TRANSFER

(Complete section amended 02-07, effective 01-08)

192A On Premise Artificial Insemination

A foal shall be considered eligible for registration which is conceived by on premises artificial insemination involving the use of semen that is used immediately following collection (time lapse not to exceed 24 hours) and at the place or premises of collection.

192B Cooled or Frozen Transported Semen

1. Cooled or frozen transported semen may be used for artificial insemination (AI) and resulting foals will be eligible for registration if the following conditions are met:
 - a. A completed stallion breeding report must be filed with the AMHA office listing all mares artificially inseminated. All mares must be included on the report whether or not a mare conceives.
 - b. A completed breeder's certificate must be issued to the owner of the artificially inseminated mare.
 - c. Resulting foal must be DNA tested and pedigree proven.
 - d. All other requirements of the AMHA, in addition to these rules, must be followed in order for the resultant foal to be eligible for registration.
2. Before semen may be transported from the location of collection, the stallion owner, lessee of record or authorized agent (all hereafter shall be referred to as stallion owner) at the time of permit application, shall apply and pay the yearly fee for the transported semen permit (see fee schedule).

This permit is effective for the calendar year (January 1 – December 31) during which the semen must be collected and used. The permit fee is non-refundable or transferable. In addition to hand or pasture breeding mares, a stallion will be limited to twenty (20) mares exposed to transported semen during any one calendar year.

a. This permit will:

- (1) Be issued to the stallion owner upon receipt of the above fee and the blood/DNA genetic testing of the stallion on record with AMHA
- (2) Identify the stallion from which the collection is to be taken.

3. Once a permit has been issued, a collection insemination report must be completed and sent with each insemination by the stallion owner. This report requires a portion to be completed and mailed to the AMHA by the mare owner. This report will certify the identity of the collected stallion and date as well as the inseminated mare and date. The collection and insemination shall be overseen/conducted by licensed veterinarians/technicians as attested by their signatures certifying that the appropriate stallion and mare have been correctly identified from the horses' original registration certificates.

4. The mare owner shall contact the stallion owner to arrange for the transportation of semen. Any fees charged by the stallion owner in connection with providing the transported semen are between the mare owner and the stallion owner.

5. If using cooled semen the mare must be inseminated within seventy-two (72) hours of collection.

6. Should the mare for which a collection insemination certificate was issued not conceive within the calendar year, the stallion owner must apply for a new permit and fee paid before insemination with transported semen is attempted in the subsequent calendar year.

7. Prior to the completion of the registration application for a foal conceived through the use of transported semen, the applicant shall have the blood/DNA genetic testing of the dam and the foal on record with AMHA, and the foal's parentage must be verified.

8. There will be a \$500 penalty fee per incident for transporting semen without a permit.

9. The AMHA has the right to deny registration of any foal conceived by transported semen if all AMHA rules and regulations are not adhered to.

10. If a stallion changes ownership, use of the frozen semen is limited to the current, recorded owner. The new owner must re-apply for a new transported semen permit.

11. Ownership of semen already frozen by the previous owner/lessee must be resolved between the seller and buyer.

12. If a stallion is leased, the use of the frozen semen by the lessee is restricted to the time period (beginning to ending date) of the lease only.

13. Gelding of the stallion will preclude the use of the frozen semen as of the date of gelding.

14. Disputes arising between current or previous owners of stallions and/or mare and stallion owners will not involve AMHA. The Association may not be used to protect, defend or enforce the use of the semen. Any dispute must be resolved by the individuals.

192C EMBRYO TRANSFER

The offspring foaled by a mare that is not its genetic dam but transferred to her by embryo transfer shall be eligible for registration if, in addition to all other Association registration rules, the following conditions are met.

1. Notification must be submitted to AMHA ten (10) days prior to the intent to perform transfer by the recorded owner or authorized agent of the donor mare. The notification must include:
 - a. The registered name and number of the donor mare, the breeding stallion and the name and location where the intended transfer is to take place.
 - b. The sire and donor mare must be DNA tested prior to embryo transfer and the results on file at AMHA.
 - c. The non-refundable fee for the embryo permit must be paid each year that a transfer is to be performed. A substitution cannot be made. Fee—See Fee Schedule

Notice of intention to transport the embryo with notice of intended collection shall be given to the Association for eligibility for such embryo transportation as specified above.

2. A form must be submitted to AMHA at the time of transplant signed by the licensed veterinarian noting the registration information on the stallion, the donor mare and the recipient mare and the place, date and time of insemination.
3. The application for registration and the breeder's certificate for a foal resulting from an embryo transfer must be signed by the owner of the dam at time of transfer.
4. The pedigree of the foal must be verified by genetic testing of foal, sire and donor mare as well as any other testing AMHA may deem necessary. All expenses will be the

- responsibility of the registration applicant.
5. A licensed veterinarian that meets all state requirements must conduct the collection and embryo transfer.
 6. A donor mare may produce multiple embryos in a calendar year.
 - a. The fact that a foal is the result of an embryo transfer will be noted on the registration certificate.
 7. If a mare is designated with the Association for embryo transfer, but the transfer is not done, the Association must be notified by December 1 of the designated year. If this is not done any naturally bred and produced foal of the following year must have the pedigree verified by DNA testing.
 8. The transfer of frozen embryo will not be allowed, and any person or breeding establishment found in violation shall be barred for not less than five years from showing and/or registering their horses.
 9. The premises and practices of any party using embryo transplant procedures may be inspected by the Association. The burden of verifying true parentage of a foal is the registration applicant's. Any questions regarding the parentage shall be resolved against registration of a horse carried by a recipient mare through embryo transplant.
 10. The enrollment application and registration application must be sent by certified mail, return receipt requested, to preserve for the record owner or lessee of the donor mare or foal, the only acceptable proof to AMHA of timely compliance.

193 HARDSHIP

The following procedure outlines the steps and guidelines which must be followed for the hardship registration of a qualifying horse into the American Miniature Horse Association (AMHA) Registry.

193A Qualifications

OF THE AMERICAN MINIATURE HORSE ASSOCIATION, INC.**

LO-005 THE AMERICAN MINIATURE HORSE STANDARD OF PERFECTION

BREED OBJECTIVE: To produce the smallest possible perfect horse.

GENERAL IMPRESSION: The American Miniature Horse is a beautiful, small well balanced horse that if all reference to size were eliminated, would have the same conformational proportions of other full sized light breeds. The mares demonstrate refinement and feminine qualities. The mature stallions show boldness and masculinity. The general impression is to be a balanced individual regardless of size with symmetry, strength, agility and alertness. Movement is strong, natural and athletic. In motion the horse will exude athleticism as demonstrated by suppleness of the shoulders and engaged hocks. In judging when characteristics are equal, preference must be given to the smaller horse.

TEMPERAMENT: Temperament is reflected in its personality. The American Miniature Horse is intelligent, curious, gentle, sensible, willing to cooperate and easy to train.

SIZE: Measuring at base of the last hair of the mane (Art XI, Sec 4), the mature animal must not exceed 34 inches. Horses two years old or younger conform to the height for age requirements as stated in the show rules (GR-020- Height verification) and (CL-005).

COLOR: Any coat color, pattern, white markings and eye color are equally acceptable.

HEAD: The head is beautiful, triangular in shape and comparatively small in proportion to the length of neck and body. The forehead is broad with large, prominent eyes. The eyes are set well apart and are placed approximately 1/3 the distance from the poll to muzzle. The distance between the muzzle and eyes is comparatively short. A profile may be straight or slightly dished below the eyes, blending into large nostrils on a small, refined muzzle.

BITE: When viewed from the side, the meeting point of the center incisor teeth should be equal and even. A slight deviation no more than half the width of the tooth's surface is permissible without fault. The accuracy of the bite may vary according to age. As the premolars and molars move into location, the alignment of the jaw could vary during this process.

EARS: The ears are set on top of the head and carried alertly. They are medium in size, well shaped with pointed tips curving slightly inward.

NECK: The neck is set on the top of a well-angulated shoulder,

departing well above the point of the shoulder and blending into the withers, giving the impression of the neck sitting on top of the withers rather than in front of them. The slender neck is slightly arched forming a gentle curve from the poll to the back. Its length is in proportion to body with the top line being considerably longer than the bottom line. The throatlatch is clean and well defined, allowing flexion at the poll and normal respiration.

SHOULDERS: The shoulders are muscular, long, sloping, well angulated (45-50 degrees), allowing for a free swinging stride and alert head/neck carriage.

BODY: The body is compact with a short back, close coupling, broad loins, deep flank and well sprung ribs. The back has a long, level, well muscled croup and is smoothly rounding at the hip. The tail is well set. The underline of the body should be long but not tucked up at the flank. At maturity, the top of the hip must not be higher than the withers. The chest is medium width with defined muscular development.

LEGS: The legs appear longer than the body is deep. They possess flat bone, and an appearance of over-all substance with refinement. Legs are structurally straight and parallel when viewed from the front and back with hooves pointing directly ahead. The pasterns have sufficient length and angulations to provide a light, springy step. The front legs possess a well muscled forearm, relatively long in proportion to a short cannon. Front pasterns slope 45 to 48 degrees and blend smoothly with no change of angle from the hooves to the ground.

The rear leg structure must demonstrate good angulations and proper flexion of the hocks for athletic movement; have the stifle placed well forward and low in the flank area with thighs and gaskins well muscled. The gaskin is relatively long in relation to the cannon. The rear cannons are perpendicular to the ground when points of hocks and buttocks are in the same vertical lines. Back pasterns slope 40 to 50 degrees and blend smoothly with no change of angle from the hooves to the ground. The hooves are trimmed to a practical length and have sufficient toe length and angle with spread of the heels for the size and proportions of the animal.

MOVEMENT: The walk is a natural free flowing, four beat gait with length of stride proportional to the height and length of leg. The trot is a natural forward, free flowing two beat diagonal gait where the knee and hock are synchronized in their elevated, flexed and extension movement. When viewed at a walk and trot from the front, the horse will replicate the structural correctness of its stance. The American Miniature Horses' conformation allows them to trot willingly and freely at liberty or pulling a pleasure cart.

JUVENILE CONSIDERATIONS: The body of the junior horse

demonstrates stretch and frame to be filled in with muscling appropriate for its age. A mature adult look is not desirable.

No person may apprentice under a family member. Permission will NOT be granted for more than one Apprentice Judge to be in the ring at any one time. The application must be made on the official form provided for that purpose and must be accompanied by the required fee, at least 30 days prior to the show date.

4. Apprentice Judges shall in no way interfere with the duties of the Senior or Approved Judge, nor delay the progress of the show. He/she shall insure that the show management makes clear to the competitors that he/she is there to learn from the Senior or Approved Judge, and that he/she is evaluating them only for his/her own benefit. GR-020 HEIGHT VERIFICATION

- A. No Miniature Horse shall exceed 34 inches in height.
 - Weanlings must not exceed 30 inches.
 - Yearlings must not exceed 32 inches.
 - Two-year-olds must not exceed 33 inches.The show age of the horse is determined from January 1 preceding its birthday.
- B. Horse's height must be verified on a hard, level surface, preferably concrete or paved, in a public place, by a show official and witnessed by a recording official of the show. No person with horses being shown competing in the show may be a measuring official at the show.
(Amended 02-11, effective 01-12)

The measuring device used to measure the first horse must be used to measure all the horses. A standard measurement stick is a straight, stiff, unbendable stick (metal) that is equipped with a bullseye, plumb bob or a spirit level to make sure that the standard is perpendicular to the ground and that the cross piece or arm is parallel with the ground surface.
- C. Management shall announce the time and place for height verification.
- D. To receive an exhibitor's number, the horse must be measured and have height recorded on the entry sheet by the person

measuring horses or by his designee.

- E. The height verification of the Miniature Horse shall be determined by measuring the vertical distance from the base of the last hairs of the mane to the ground with the front two (2) legs vertical and in line with or parallel to the measuring device, and the back of the hocks in a vertical line with the horse's **fetlocks**. The last hairs of the mane refers to the last coarse (longer) hair of the horse's mane. Any softer body hair, left longer so as to be considered as an extension of the mane, should be differentiated from mane hair and should not be included as part of the mane when measuring. The horse's head and neck shall be in a natural position, facing forward, with the nostrils lower than the eyes. The animal must stand squarely on all four (4) feet. No height allowance will be made for excessive foot. After the horse is set up for measuring by the handler, said handler may not touch the horse, i.e. stretching the head up forward, moving the feet; touching the back or pressing down on any part of the back until the measurer removes the measuring stick.
(Amended 02-03, effective 01-04)
(Amended 02-10, effective 01-11)
(Amended 11-21, effective 01-22)

If an animal does not meet the desired height, the handler has the right to request a second measurement. Upon repositioning the animal and the measuring stick a second measurement will be made. If the second measurement is still not acceptable a third measurement is allowed. Note: Only one reading is permitted with each measurement. The third measurement is final and will be recorded as the official height. If after the first or second measurement, it is obvious the animal needs to be trimmed, the handler should be advised that the third measurement is final and that any alteration to the animal's feet should be made prior to that measurement. A horse that has to be remeasured must be sound. The measuring process will result in a final measurement.
(Amended 02-07, effective 01-08)

CLARIFICATION 12-05-09: "The Official Show Measurer will not attempt to measure the horse until the handler has set the horse, per Show Rule GR-020, and is positioned near the horse, in a kneeling or standing position, not touching the horse with any part of his/her body, and advises the measurer the horse is ready to be measured. The Official Measurer will then attempt to measure the horse. During the measuring process, if the handler touches the horse, the attempt to measure will be stopped, and the handler will be advised the horse cannot be touched during the measuring process."

- F. It is mandatory for Show management to provide the signed Final Height Measurement List from all AMHA approved shows to the AMHA Office with Show Results. This list will be retained in the AMHA Office.

Signatures must be: Measurer and Show Manager.
(Amended 02-12, effective 01-13)

- G. 1. A permanent measurement card may be issued for horses 60 months and older when measured by a certified measurer at both a Championship Show and the World Show in the same show year providing the horse measure is 34" and under per AMHA Rules. If the measurements at the 2 shows are different the higher measurement will be used.
2. Owner must request this card prior to measurement at the earlier show by completing a Permanent Measurement Card request form to the AMHA office. This form will be signed by the official measurer at both shows and returned to the AMHA office for a Permanent Card to be issued from the Show Department.
3. This card will be valid indefinitely at all future AMHA sanctioned shows.
4. The permanent carded horse can still be protested at any future show under the current AMHA Rules or under Rules and Regulations Rule 181 & 182.
5. If a horse receives a permanent measurement card and is sold the permanent measurement card will be passed to the new owner.
6. Penalty: If protested and the horse measures over its permanent carded height the card is revoked and must be measured at all future shows. Can reapply for a permanent card the following year.
(Amended 02-13, effective 01-14)
(Amended 11-21, effective 01-22)
- H. Protest concerning Height, see GR-050-C.
- I. Any horse showing evidence of the use of any drugs, sedatives or stimulants to produce deceptive height will be refused measurement until such time as the Measurement Team sees no sign or effects of said drugs or stimulant use.
(Amended 02-10, effective 01-11)

- I. No exhibitor may be required to be a member of any other

organization in order to be eligible to show in approved AMHA classes.

- J. An exhibitor cannot be required to pay an entry fee in a halter class to be eligible to show in a performance class and vice-versa.
- K. A show having been approved and held the previous year is considered an established show and has priority to reserve identical dates per calendar year until terminated. The AMHA office must be notified by October 1st of the preceding year.
- L. No show will be approved, excluding state and county fairs, within a 250-mile radius of each other on the same show date.

 - 2. The points for exhibitors/horses would be adjusted to compensate for the missing judge as follows:
 - a. If it is a two judge show, the one judge's cards would result in double points being issued.
 - b. If a three or four judge show, the most senior judge's cards would be double pointed to compensate for the missing judge's card. Senior referring to recognized title or time in service.

- R. If the results are approved, the AMHA office will issue a statement of acceptance. The AMHA office will verify all show results. If there are discrepancies in the results, the Show Manager will be contacted in order to allow for corrections and/or explanation. If the Show Manager does not reply within 15 business days, excluding holidays, the results will be accepted with the office's corrections. NOTE: For example; if the person listed in an Amateur class is not eligible to show in that class, their entry will be disqualified. The intention is to allow Show Managers a chance to verify with exhibitors. Should they exhibit gross negligence in reporting correct show results, their status as an AMHA Show Manager could be in jeopardy and their actions would be reviewed by the Executive Committee.
- (Amended 02-15, effective 01-16)

Show results of AMHA approved shows will be posted on the Website of AMHA and each household requesting a printed copy will be charged the appropriate Show Results Fee (see fee schedule). (Amended 11-00, effective 01-02)

D. Regulations Governing Judges

1. Good judging depends upon a correct observance of the fine points and the selection of the best horses for the purpose described by the conditions of the class. A judge serves three (3) interests: his/her own conscience, exhibitors, and spectators. He/she should make clear that the best horse win. In open classes no discrimination should be made as to youth, amateur, or professional status of the handler. Miniature Horses are bred in many different types. It is very important that the judge is not biased to a Miniature that represents the judge's background, but that the judge place the horses as to the best horse of all types that are exhibited before him/her.
2. Failure of a judge to attend a competition to which he is committed, to perform his duties, or to officiate in the classes to which he is assigned shall constitute cause for disciplinary action, except in cases of extreme emergency.
3. Grounds for removal of an individual from the AMHA list of approved judges shall include, but not be limited to, the following:
 - a. Failure to comply with AMHA rules and regulations.
 - b. Upon suspension from AMHA membership or

denial of any privilege thereof, the individual will be removed from the list of approved judges. Upon regaining eligibility for approved judging credentials, the individual may apply for reinstatement after the expiration of one year from the date of his qualification under the current procedures for admission of new applicants.

- a. Any judges hired to judge an AMHA show(s) are required to acquaint themselves with the official show rules of the AMHA and must comply with those rules. Judges shall appear for their assignment suitably attired to appear before an audience.
- b. No person may judge two (2) shows within one hundred fifty (150) miles of each other within sixty (60) days.
- c. No Judge shall officiate two (2) consecutive times at the same show or contest. The same show or contest is defined as having the same name and being held in the same location and on the same weekend.

- d. A judge shall not attend a show, exhibitor's party, or any other activity connected with a show on the day previous to the show at which he/she is officiating. EXCEPTION: Multi-breed shows, stock shows or fairs. A judge would be permitted on the show grounds prior to the AMHA show provided he/she is participating in an activity of another organization or association.
- e. Any judge who is unable to complete his judging assignment after acceptance of such shall timely communicate to the show management the inability to do so, to allow the show manager maximum time in which to seek a suitable replacement.
- f. A judge shall not appear on the show grounds prior to thirty (30) minutes before judging. A judge shall not visit the horse stall area, nor speak with owners, trainers, exhibitors, or owners' representatives nor inspect or discuss any horse entered in the show before the judging, nor shall he/she review the program until after the judging has been completed.
- g. A judge may not exhibit at any competition in which he/she is adjudicating. In the case of an event which includes shows on more than one day with multiple judges, a judge may not exhibit on any of the other days. (Even though there are several shows and judges at one location, it is considered one show for judges.)
- h. Multiple Judge Shows - Judges are not to have any conversation with each other until all judges cards are turned in for that class. Once cards have been turned in by the judges, there shall be no changes in the cards, except for correction of improper recording of an exhibitor number, or under protest.
- i. The AMHA office will provide, for a fee, every AMHA

show with official judging cards. These cards will have all class descriptions for the appropriate class imprinted on the official cards.

- j. Judges are required to complete a show evaluation form which gives each judge an opportunity to evaluate the show, management, etc. These forms are distributed to the judges by show management. It is the responsibility of the judges to individually complete these forms and return them to the AMHA office within ten (10) days.
(Amended 6-7-03, effective 01-04)
- k. Refer to Section GR-010 E through N for additional rules related to judges.

E. Judge Evaluation

- 1. AMHA Judge Evaluation Reports are voluntary and shall be made available by show management to each exhibitor at every AMHA-sanctioned show. Only one Judge Evaluation Report per judge is to be completed and turned in per farm or stable. Any misuse of the Judge Evaluation Reports by exhibitors may be considered as unsportsmanlike conduct and reviewed under Rule GR-045-G. Each farm or stable may complete one report per judge per show. If owners of a horse that is being shown by a professional handler are in attendance at a show, they may request a Judge Evaluation Report.
(Amended 07-02, effective 01-03)
(Amended 12-03, effective 01-04)
- 2. Judge Evaluation Reports, and instructions for their use, shall be issued to each Show Manager or Show Chairman by the AMHA office. Show Management shall be responsible for making them available to exhibitors.
(Amended 12-03, effective 01-04)

AMHA shall be notified of any such disqualification by the Show Manager when show results are reported. (Amended 02-02, effective 01-03)

1. If at any time a member of the AMHA has been convicted in a criminal court of animal cruelty or inhumane treatment, the AMHA has the right to suspend or cancel said member's membership through actions authorized and carried out under the AMHA Disciplinary procedures including, but not limited to, actions authorized by AMHA Rules 150-176. All registration papers of the horse or horses in question are the sole property of the AMHA and may be revoked. Horses which have been removed by city, county, state, or other government official, as a result of the conviction, and placed up for adoption, shall be considered for reinstatement of the original registration papers for the new owners. Positive identification must be proven in accordance with AMHA Rules and Bylaws by the new owner. Any horse subject to this rule will be DNA tested in accordance with AMHA Rules, and will be inspected and measured by a certified past or present Director before the issuance of the registration. Normal transfer fees and any other required fees must be paid by the new owner.

horse which has been color enhanced beyond the above show guidelines must be disqualified for the entire show, and all previous trophies, ribbons, and points will be disallowed for that show.

(Amended 02-16, effective 01-17)

GR-045 RING PROCEDURE

- A. Dress: It is the tradition of the show ring that all handlers and drivers be correctly attired for the classes. Hats, boots, and long sleeved shirts/blouses or jackets are **REQUIRED** in all **SHOWMANSHIP** classes only. Failure to do so will result in disqualification in that class. Management and or officials must bar any entry or person from entering the ring if not suitably attired to appear before an audience. No farm, individual, or horse names or farm logo may be displayed on exhibitor, horse or vehicle, except multiple hitch, draft harness classes. In halter classes, hats, boots, and gloves are optional.

(Amended 12-09, effective 01-10)

(Amended 02-14, effective 01-15)

1. This will include all classes that may be split because of size and World Championship Show classes, which may call for the return of finalists to the ring for final judging. Violation will result in the disqualification of both exhibitor and horse for that class. Exceptions: Liberty, Hunter, Jumper, Obstacle Driving, Halter Obstacle, Multiple Hitch, Championships, and Supreme classes.

2. Should additional handlers be required due to physical limitations or emergencies, approval must be obtained from the judge(s).

Once class is called and the gate is opened to enter the ring, the gate will be closed after two (2) minutes has elapsed from the time the first horse/exhibitor enters the ring. (Exception: See Rule WS-027-B) If sufficient entries warrant, the gate may remain open until the last horse/exhibitor enters the ring, as long as there is a continuous flow of entries into the ring. Announcer/Gate Person shall state when timing of two (2) minutes begins. Once class is called and the gate is closed, any horse leaving the arena for any reason is disqualified.

4. It is the owner/handler/exhibitor's responsibility to be on time for classes. Announcements to barn areas are a management courtesy – not mandatory.

(Amended 02-05, effective 01-06)

- C. Names of horses being exhibited will not be made known to the judge prior to the show. Exhibitors will be issued a number for each horse to be displayed on the back of the handler or on the back of the cart whenever the horse is in the ring. This number will stand for the entire show.

- D. Conduct or coaching designed to distract a horse or otherwise interfere with the showing of an exhibitor's horse will not be tolerated. Offenders will be asked to leave the show area. If the offender is an exhibitor, he/she will be excused from the ring and barred from the show area for the duration of the show. His/her horses, however, may compete.
- E. An unruly horse must be excused from the ring by the judge for safety reasons.
- F. Cruelty, abuse or inhumane treatment of any horse in the show ring or in the stable area will not be tolerated by the show management, and the offender will be barred from the show area for the duration of the show. (see CL-010-F)

Any person(s) guilty of such conduct should be reported immediately to management by the judge, steward, or show committee member. The show management must suspend the offender for the duration of that show. Any person accused of such unseemly behavior may appeal his/her case to the Board of Directors, which shall render a decision. If found guilty, such a person may be barred from future participation in AMHA show activity. The Board's decision will be published in the official AMHA publication.
- H. Exhibitors and/or owners may not protest to the judge directly or by inference, the placing of any horse. Any person(s) found guilty by show management of such conduct will be excused from the show and forfeit any awards received at that show, and the right to show in any additional classes at the show. No entry fees will be returned.
(Amended 11-00, effective 01-02)
(Amended 12-09, effective 01-10)
- I. Halter horses eligible to show in their respective championship classes must show unless excused by the show manager or judge. Non-compliance will result in forfeiture of points won in respective qualifying class. The second place horse would then move to the first position in the championship class. Violation of this rule shall be referred to the Executive Committee.
(Amended 11-00, effective 01-02)
- J. No class will be allowed to enter the ring after midnight or before 8:00 a.m. at all AMHA-approved shows including the AMHA Championships and World Championship Show without approval of the AMHA Executive Director, or designee.
(Amended 12-03, effective 01-04)

- K. Classes may not enter the ring in any division until all awards from the previous class have been presented.
- L. Failure to comply with the American Miniature Horse Association Show Rules will result in disqualification from that class unless otherwise specified. (Amended 11-18, effective 01-19).

GR-050 PROTESTS

- A. All protests shall be handled according to the following:
 - 1. Any protest (excluding height protest) must be made in writing to the show manager or the ring steward not later than one hour after the completion of the last class of the show. The protest shall be accompanied by a \$100.00 deposit, which shall be returned to the protestor in the event the protest is sustained. If a protest is not sustained the \$100.00 protest fee shall go to the profits of the show. (Amended 11-00, effective 01-02)
 - 2. Protests shall be adjudicated by a protest committee of three (3) show officials not involved in the dispute.
 - 3. The Protest Committee shall promptly meet and adjudicate the issue, make effective its decision upon the parties in interest and report its determination to all parties. A show Protest Committee may disqualify a person and/or his/her entries for the duration of the show.
 - 4. The decision of the Protest Committee may be appealed to the AMHA Show Rules Committee with an additional \$100.00 and all copies of paperwork sent to the protestee by the protestor. A second appeal may be made to the AMHA Board of Directors with an additional \$100.00 fee. The decision of the Board of Directors is final.
 - 5. No protest of approved show rules or Show Rules Committee's previous interpretations of any rule will be allowed on show level.
- B. Horses involved in a protest shall upon request:
 - 1. Be presented within one hour of notification.
 - 2. Remain in full view of at least one show official, or designated person, until protest is finally resolved.
 - 3. Horse may not be trimmed, medicated, ridden, exercised, or otherwise altered prior to final resolution of the protest. Any such alteration will result in the disqualification of the animal for the remainder of the competition with forfeiture of all prizes and entry fees paid by the owner.
- C. Protest concerning height:
 - 1. The measurement of a horse may be protested at any time prior to the end of the show so long as the horse is present on the show grounds. The protest must be made in writing accompanied by a \$100 deposit. (Amended 12-07, effective 01-08)
 - 2. The horse shall be re measured by a show official other than the show official that measured all animals at the show, and in the presence of the original measurer and at least two (2) other show officials.

3. If there is no discrepancy in measurements from the first measurement to the measurement after protest, the original measurement stands as official.
4. All measurements must take place in direct view of the owner/trainer of protested animal, and the individual who filed the protest.
5. Any animal submitted for an official measurement must show no evidence of lameness. If lameness is determined by the show veterinarian, this shall result in disqualification of the animal for the balance of the competition, and the owner of the animal forfeits fees and winnings for the entire show for the protested animal.

CLARIFICATION

“An AMHA horse that does not measure within required height constraints for its age group at a show cannot be protested in attempt for further measurement to enter the show. GR-050 pertains to horses in a show and does not apply to horses that do not meet qualification. Under GR-050 horses that have qualified and been accepted in a show can only be protested one time, per show, for a height challenge.”

The rule above is clarifying that if a horse measures out of the show, it is not considered in the show; therefore it can not be protested.

CL-000 CLASS DESCRIPTION & RULES

CL-005 SHOW DISQUALIFICATIONS

- A. Inheritable deformity
 1. If in doubt, the show judge may request the opinion of the show veterinarian. Non-disfiguring blemishes not associated with unsoundness, or injuries which are temporary, should not be penalized unless they impair the general appearance and/or action of the horse.
- B. Cryptorchidism or monorchidism in senior stallions

Official AMHA forms for inspection are to be supplied by the AMHA office. Cryptorchidism or monorchidism in senior stallions refers to stallions three (3) years of age or older with one or both testicles not normally descended into the scrotum. Undescended testicles will not be checked for or penalized in horses under three (3) years of age. Certificate of inspection for cryptorchidism and monorchidism must be on file with the show manager.  3. Presence
 4. Way of Going
 5. Type
1. Halter Ring Pattern - All horses are to enter the ring at a walk counter-clockwise on a loose lead to a designated point marked by a cone approximately 20 feet from the gate and then proceed at a trot past judge(s) (to be viewed from the side in motion). Judging will begin at the cone. Line up horses head to tail along the rail. From line-up, walk to judge(s) and trot back to end of line. Either side of the arena may be used. (see diagram next page) Second looks from judge(s) to be from head to tail line-up on rail (see diagram next page).
2. Classes may not enter the ring until all awards from the previous class are presented.
- B. Horses to be shown not stretched, which means all four (4) feet are flat on the ground and at least one front and one rear cannon bone remain perpendicular to the ground. AMHA shall be notified of any such disqualifications by the show manager when show results are reported. (see GR-045-F)
- G. No youth 12 years of age and under may show stallions with the exception of weanling and yearling colts. See YD-010-F.
- H. It is of utmost importance that judges realize that there are several types of Miniature Horses and that in each class the horses are to be judged as to the best horse of all types to be the winner. They should not be prejudiced to the horse of his/her background.
- I. Dress - It is the tradition of the show ring that handlers be correctly attired for the classes. Appropriate dress shall not

include shorts, T-shirts or open-toed shoes. Management may at its discretion bar any entry or person from entering the ring if not suitably dressed to appear before an audience.

CL- 016 STOCK DIVISION

JUDGING CRITERIA

GENERAL IMPRESSION - An attractive horse where everything is proportionate and all parts tie in smoothly. All gaits are smooth and purposeful exhibiting natural athleticism. Horses are judged on balance, structural correctness and sex characteristics. Of these, balance is the most important.

STANCE - The American Miniature Horse Association's Stock

Type Horse normally stands at ease with his legs perpendicular to the ground and parallel with each other. The horse should exhibit a balanced stance and stand on the corners of his body, as opposed to being spread too far apart or crowded too close together, or parked out.

HEAD - The head of an AMHA Stock Type Horse reflects inquisitive intelligence. He has a short, broad head that is straight or slightly dished topped by small to medium ears hooked towards the center line at the tips; kind wide-set eyes; large nostrils; small muzzle, and firm mouth. A domed forehead is a fault.

BITE - When viewed from the side, the meeting point of the center incisor teeth should be equal and even. A deviation of no more than half the width of the tooth's surface is permissible without fault.

NECK - The head of the AMHA Stock Type Horse joins the neck at a roughly 45-degree angle, with a slender throatlatch allowing him to move easily in any direction while maintaining his balance. The medium to long neck should be slightly arched and blend smoothly into sloping shoulders.

SHOULDERS - The AMHA Stock Type Horse's short strong back is created by deep sloping shoulders tying in well back.

CHEST AND FORELEGS - As demonstrated by the heart girth and relatively wide-set forelegs, the AMHA Stock Type Horse is deep and broad in the chest. Smooth joints and short cannon bones are set on clean fetlocks and medium length pasterns are supported by healthy hooves. The forearm tapers to the knee, whether viewed from the front or back.

BACK - The short back of the AMHA Stock Type Horse is full and strong across the loins. The barrel is formed by deep, well sprung ribs which extend to the hip joints. The underline, or abdominal area, should rise cleanly to the flank. The point of the croup should be no higher than the top of the withers. The tail is set off a long rounded croup.

HINDQUARTERS - Viewed from either side or the rear, the hindquarters are broad, deep and adequately muscled through the thigh, stifle and gaskin down to the hock. When viewed from the rear, there is adequate width extending evenly from the top of the thigh to the gaskin. The hocks are wide set, deep and straight.

BONES, LEGS AND HOOVES - Flat, strong bones, smooth joints and proper angulations form a leg that is attractive and functional. The hooves are proportionate to overall conformation.

MUSCLING - The AMHA Stock Type Horse should have muscling adequate to function, but is not a heavily muscled breed. Overly heavy muscling is a fault.

MOTION - Stock Type Horses track straight and true. At all

times they should appear confident, balanced and athletic, demonstrating a low flat stride with minimal knee and hock action.

CRITERIA AND STYLE

1. Stock Type division horses will be shown in a stock horse manner with the horse standing still, calm and square.
2. The handler should stand towards the left side of the horse's center line, more or less facing horse.
3. Stock type/western show halters will be the accepted standard. At local shows a nylon halter will suffice. An arabian type halter is unacceptable and will result in disqualification.
4. Leads may have chains, but chains may only go under chin and not over the nose or in the mouth.
5. Razoring of heads will be heavily penalized. Clipping is permitted.
6. Banding or braiding of manes is prohibited.
7. Manes should be natural looking and of moderate length.
8. Pulled, overcut or undercut manes are acceptable.
9. Tails should be off the ground.

REQUIREMENTS

1. A horse may not show in more than one halter division at any show with the exception of color and/or Special Needs classes.
2. There will be no instances of halter competition between horses representing Stock Type and the other division such as supreme champion classes. Versatility is considered a performance class and this does not apply. Stock Horses showing in Versatility MUST wear stock type/western show halters. (Amended 1.1.2019)
3. Current rules for handler's dress will apply in stock division.
4. Current halter ring pattern will be used for stock division.

CL-020 SPECIALTY HALTER CLASSES

- A. In color classes, horses are to be judged 80% on the natural color of the horse, and conformation to count 20%. In color classes, horses are to be circled both ways of the ring in order to judge the 80% color. Horses must be lined up, head to tail in the center of the arena, to judge the 20% conformation. If

- A. Horses to enter ring at a trot. Horses must be serviceably sound and all driving horses must be three (3) years or older. Horses showing evidence of labored breathing, wheezing or "roaring", at the discretion of the judge the horse may be penalized.
(Amended 02-13, effective 1-14)
- B. Drivers should strive to present an appropriate turnout indicated by the balance and pleasing appearance of the combination of horse to vehicle. Factors determining the above include compatibility, size, type of horse, and vehicle.

The way of going of a horse may also affect the overall appearance (i.e., a high action horse is more suitable to a formal vehicle, with the lower going, ground covering horse presenting a more pleasing appearance with a suitable pleasure, or country, type vehicle). The horses number should be worn on the back of the driver or on the back of the cart. Horse is to be shown in a light show harness which would consist of a bridle with bit, blinders and cavesson. A martingale and/or separate check bit are optional. For better visibility, the use of numbers on the side of cart is strongly suggested.

(Amended 02-14, effective 01-15)

- C. The only person to control the horse is the driver, under penalty of disqualification. No change of driver is permitted during any class. (Amended 02-08, effective 01-09)
1. Youth or Special Needs driving classes requiring an accompanying person for safety, (Adult for all Youth classes), requires that the accompanying person remain in the cart at all times until the exhibitor leaves the arena. A separate header will be required for all youth drivers with an accompanying adult. The accompanying adult will not assist the driver verbally or physically. The touching of the driver by hand will constitute assistance. The accompanying adult's hands must remain on the seat, on the cart, or in their own lap. Any assistance will result in automatic disqualification of that entry.
- D. Drivers and their passengers should conform to the type of turnout (i.e., viceroy, formal, pleasure, obstacle, etc.), but should always be neat and clean. Suggested appropriate attire: Gentlemen to wear a hat, coat or jacket, shirt and pants, and tie; ladies to wear a dress, tailored suit, skirt or slacks with blouse, vest or jacket. Hats optional. Gloves and aprons or lap robes are optional in all classes. All exhibitors may choose to wear a helmet instead of a hat.

(Amended 12-09, effective 01-10)
- E. Driving class splits shall be determined by dividing the perimeter of the arena by thirty-six (36) feet per entry. Final placings must be determined by working the leaders of each section.  3. A judge **MUST** excuse from competition any unsafe vehicle, equipment, or horse for that class.
 4. Headers: A header is an appropriately attired (show attire or unlettered smock with suitable footwear) capable person 13 years of age or over. This attendant shall take **NO** action that will affect the performance of any Miniature Horse. Only one header is allowed per horse. The header must not have a whip and shall remain at least two (2) paces distant from the head of the horse when the judge is inspecting the horse, and at all other times unless assistance in controlling the horse is needed. Adult (19 years of age or older) headers are mandatory for all youth drivers and optional for all other drivers.
 5. Blinders and overchecks or sidechecks are required. The overcheck/sidecheck must be attached to the saddle at all times. If it becomes unattached a second time in the same class (after utilizing a timeout to reattach it the first time), it is an automatic disqualification. 12. It is permissible to talk to your horse(s) in a subdued tone of voice. "Clucks" for starting, "walk on", "trot", "whoa" and "back" are the more accepted terms. Any tendency on the part of the driver to shout, whistle, or talk loudly to the horse should be curtailed. In the arena, the less said the better. The driver should strive to control the horse's movements with minimal vocal aids

 4. Break in gait
 - 1st break from trot 5 seconds
 - 2nd break from trot 5 seconds
 - 3rd break in trot 5 seconds
 - 4th break from trot Elimination
Prolonged canter or walk Elimination
 5. Disobedience and/or groom dismounting (cumulative over course). Disobediences are penalized as stated in the individual class specifications. They are defined as follows:
 - a. A run-out comprises evading or passing an obstacle to be driven or the start/finish line.
 - b. A refusal comprises stopping or reining back before an obstacle. Stopping in front of an obstacle without dislodging it and without backing up followed immediately by driving clearly through is NOT PENALIZED. If the halt is prolonged or if the animal backs even a single step voluntarily or not, a refusal is incurred. A circle is any form of a circle which causes the driver to cross the original track between two consecutive obstacles except to retake an obstacle after a refusal or runout.
 - 1st incident 5 seconds
 - 2nd incident 10 seconds
 - 3rd incident Elimination
 6. Starting before signal Elimination
 7. Failure to cross starting line within one minute of signal Elimination.

8. **Off course Elimination** A driver is off course when he deviates from the designated pattern shown on the diagram by consecutive number and drives an obstacle out of order before correcting the deviation. Any disobedience committed while correcting the deviation must be scored. Failure to follow a continuous line in a course diagram will not be considered off course unless an obstacle is taken out of order. The start/finish gate/s are considered dead after the competitor passes thru the start gate and until the competitor passes thru the last obstacle.
9. **Exceeding time limit (2X time allowed) Elimination**
10. **Outside assistance Elimination** A driver shall be eliminated if a groom or passenger touches the reins, whip or brake or if he receives assistance from any source.
11. **Failure to carry whip in hand Elimination**
12. **Breakage of harness or vehicle Elimination**

2. **Width of cones.** To be determined by the course designer based on the level of competition and carriages entered. Recommendation is 30-40 centimeters wider than the carriage track of the widest carriage.
(Amended 11-21, effective 01-22)

CL-040 ROADSTER DRIVING

The depiction and descriptive paragraph are to be used to define the “ideal” roadster horse and are in no way intended to eliminate horses not capable of the ideal.

The IDEAL Roadster Horse shall be shown with contact on the reins at all times. Stride should be “flowing,” exhibiting knee action and/or reach with hock action. The horse should be in the bridle with neck carriage comfortable with the poll being the highpoint and flexion to fit the horse’s conformation. Roadster to be judged on performance, quality, speed, manners, attitude, conformation and appearance; IN THAT ORDER.

A. Roadsters shall be shown to a Bike (a two-wheeled cart with

stirrups and no basket). Wheel covers are permitted. Shall be shown in Light Harness which consists of a bridle with reins attached to the bit only and passed through the saddle terrets and martingale if used. Also required, are blinders, a throatlatch and a noseband or cavesson. The bridle must have an overcheck or sidecheck attached from the bit to the saddle and must remain attached until all judge's cards have been submitted. A martingale and/or separate check bit are optional. All martingales and unweighted bell boots are optional. The exhibitor must wear colors (cap and jacket to match, patterned after racing silks, no sequins or glitter). All youth exhibitors may choose to wear a helmet instead of a cap. Braiding of horse's forelock and first section of mane hair with ribbon optional.

(Amended 02-03, effective 01-04)

(Amended 02-12, effective 01-13)

(Amended 11-18, effective 01-19)

PERFORMANCE PARAMOUNT Presence and elevation with forward impulsion, steady in each gait with definite gait changes.

QUALITY A bold picture, demonstrating freedom of movement, while in the bridle, in a collected manner displaying the horse's athletic ability with forward motion at a Jog Trot. At the Road Gait, the horse exhibits more power, speed and motion. The Drive On Trot is performed with a lengthening of stride but no decrease of collection or loss of form.

SPEED A lengthening of stride with no decrease of collection or loss of form.

MANNERS Horse should appear willing to work and under control at all 3 gaits.

ATTITUDE Settled in the bridle with smooth gait transitions.

**CONFORMATION
APPEARANCE** Form to function.
Of both equipment and driver's attire.

B. Gait requirements: The principal gait requirement for roadsters is the Trot. Horses shall be asked to Trot at three (3) different speeds - the slow Jog Trot, the Road Gait, and at a full extended Drive-On Trot. Horses must not be asked to rein back. A horse that has not demonstrated distinct gaits and smooth transitions (change of gaits) should not be

placed over a horse that has demonstrated greater ability but has had a minor or incidental break in gait.

- C. Judging procedure: Roadsters must enter the ring clockwise at a Jog Trot, then show at the Road Gait, turn counter-clockwise at the Jog Trot, show at the Road Gait and Drive-On Trot. Roadster horses should have animation, brilliance, and show ring presence. At all speeds they should work in form with head set and legs working beneath them. At speed the trot should be in balance with long reaching action in front with straight true movement. Pacey or mixed gaited horses that pace or rack will be penalized. Horses should be shown on the rail at all times except when passing. Performance at all three (3) gaits MUST be considered. Failure to demonstrate all three (3) gaits must be penalized. When horses are lined up, driver shall not leave his/her vehicle except for necessary adjustments. The driver may, however, uncheck and stand at horse's head when left in center of the ring while part of the class is on the rail for a workout.
(Amended 11-18, effective 01-19)

CL-045 FORMAL PARK DRIVING

The horse is to give a brilliant performance with style, presence, finish, balance and cadence. To be judged on brilliant performance, presence, quality, manners and conformation. To be shown in Light Harness which consists of a bridle with reins attached to the bit only and passed through the saddle terrets and martingale if used. Also required, are blinders, a throatlash and a noseband or cavesson. The bridle must have an overcheck or sidecheck attached from the bit to the saddle. A martingale and/or separate check bit are optional.

- A. Gait requirements: to be shown both ways of the ring at an Animated Walk and Park Trot. Horses are NOT to be asked to rein back.
1. ANIMATED WALK: A true, cadenced, four-beat walk with horse collected. The motion should be brisk and vigorous with the horse showing animation and brilliance.
 2. PARK TROT: Extremely animated, cadenced trot, with impulsion and power. The trot is bold and brilliant with knees and hocks snapping high in expansive and dramatic style, creating an illusion of lightness with the high-stepping action. Neck and head carriage is more elevated than pleasure, more upright from the withers. Loss of form due to excessive speed shall be penalized.
- B. Martingales are optional.

CL-046 REINSMANSHIP

- A. Reinsmanship is shown to a two wheeled vehicle as described in CL-036-A. To be shown in Light Harness which consists of a bridle with reins attached to the bit only and passed through the saddle terrets and martingale if used. Also required, are blinders, a throatlash and a noseband or cavesson. The bridle must have an overcheck or sidecheck attached from the bit

to the saddle. A martingale and/or separate check bit are optional.

- B. Entries are judged primarily on the rein handling ability and skill of the driver. 75% of the score is on the handling of the reins and whip, control, posture, and overall working appearance of the driver. 25% is on the condition of the harness and vehicle and neatness of attire. Control is judged by the consistency of movement at various gaits; smooth, rapid gait changes consisting of three to four steps to be in the called gait; accuracy of performing the requested maneuver on the rail or by the complete, symmetrical pattern requested for individual work.
- C. At no time should the horse appear to be out of control or heavily checked up.
- D. Whip must be in hand at all times when the driver is in the ring.
- E. Two methods of reinsmanship performance may be used as chosen by the judges:
 - 1. Drivers are first judged as a group both ways of the arena at a walk, collected trot, halt, back, and working trot. Drivers are then asked to each do an individual “work off” or pattern set by the judge. When there is more than one judge for this class, a call judge is designated who will set the pattern. Pattern to be used is not posted prior to the class, but is conducted as directed verbally by the judge during the class. Once one of the patterns is chosen, the same pattern is driven by each participant in the class.
 - a. Perform a figure eight in the direction designated by the judge, with a salute at the beginning and end of the pattern. The start of the figure eight is in the middle of the eight facing the call judge.
 - b. Perform a serpentine at the direction of the judge with a salute at the beginning and end of the pattern. The finish of the pattern will be a halt facing the call judge with the wheel hub in line with the cone. Example follows.

2. Drivers are asked to perform reinsmanship skills on the rail as a group. They will be asked, in addition to working both ways of the arena at a walk, collected trot, and working trot, to perform according to the judge's calls. Judge may select one, several or all of the following maneuvers and may repeat the same maneuver as many times as desired to determine driver's reinsmanship skills:
 - a. Stop on the rail, pause and stand quietly until judge calls to move forward at a walk or collected trot.
 - b. Stop on the rail, back 2 or 3 steps, stand quietly, then proceed in the direction of go when judge calls to move forward at a walk or collected trot.
 - c. Reverse on the rail at a walk or collected trot.
 - d. Stop on the rail, do a 90 degree pivot turning inward and pause, standing quietly. Upon judge's call, return with a 90 degree pivot back to the rail in the original direction of go. Move forward at a walk or collected trot per judge's call.
 - e. Stop on rail, do a 90 degree pivot turning inward and pause, standing quietly. Upon judge's call, continue to turn with a 90 degree pivot to end up on the rail in the reverse of the original direction of go. Move forward at a walk or collected trot per judge's call.
 - f. Stop on rail, do a 180 degree pivot, pause, standing quietly. Then on judge's command, drive on in the reverse of the original direction at a walk or collected trot.

"0" qualifying points. Amendment passed as optional at Local, Championship & World Shows. Youth Reinsmanship will be offered for the Championship & World Shows.

(Amended 02-08, effective 01-09)

Draft hitches must be judged showing two gaits, a trot and a flat-footed walk, working both directions of the arena. Light harness hitches must be judged showing three gaits, extended trot, trot and flat-footed walk, working both directions in the arena. All hitches must be required to stand quietly, back readily, and cut a figure eight at a trot. (See diagram insert). Prior to beginning the figure eight, each exhibitor/hitch must stop and properly address the judge(s). At all times hitches are to show an ability to work as a unit with evenness of tugs, and judged on performance, presence, quality, manners, and matching. In tandem, the traces/tugs between the leader and wheel horses should slightly dip. The lead horse is to demonstrate that it is not doing the work.

CL-065 HUNTERS AND JUMPERS

- A. All courses for Hunter and Jumping classes must be posted at least two (2) hours prior to the scheduled time of the class. Judge(s) shall walk Hunter/Jumper course with designer and exhibitors. Course diagrams must show with arrows the direction each obstacle must be taken. A start and finish line must be established at least twenty-four (24) feet from the first and last obstacle if possible, indicated by two (2) markers at least four (4) feet apart. Horses (exhibitors optional) must cross the line in the proper direction to start and complete the course. Horses must stay within the course boundaries as outlined by the start and finish cone. The start and/or finish cones outline the portion of the course in the immediate areas of the starting (first) and finishing (last) obstacles only, not the entire course. Baiting of horses to encourage an animal to perform any of the jumps is not allowed. Baiting in such class is a disqualification.
(Amended 02-02, effective 01-03)
- B. This section is divided into two (2) divisions: Jumpers and Hunters; horses are required to be a minimum of three (3) years of age to compete.
- C. Jumps for Hunters and Jumpers will be made of 1-1 1/2" schedule 40 PVC piping or other suitable lightweight material with jump cups, not to include pegs, nails, bolts, etc. All jumps must be a minimum of five (5) feet wide, with a minimum of eighteen (18) feet between jumps, with the exception of an in and out. In and outs should be set approximately twelve (12) feet apart. Jumps thirty-two inches (32) or more in height must have a second rail added. All post and rail jumps must have a ground pole. Uprights are to be a maximum of forty-eight (48) inches in height. No jumps, including jump-offs to exceed 44". Any decorations or jump wings must not protrude more than twenty-four (24) inches from the uprights.
(Amended 11-02, effective 01-03)
(Amended 02-06, effective 01-07)
1. Jumpers
- a. Jumpers are scored mathematically, based on faults incurred between the starting line and the finishing line. Minimum height for jumps must be eighteen (18) inches and maximum height thirty-two (32) inches for first jumping round. Exhibitors may go over jumps with horse. Whips are not permitted in show ring. Exhibitors type of footwear is optional. Front leg wraps and/or splint boots are optional. Circling once upon entering the ring and once upon leaving the ring is permissible but not after crossing starting line.
(Amended 02-09, effective 01-10)
(Amended 02-12, effective 01-13)
- b. Courses should be attractive, varied, and appropriate to their setting. Jumps could include brush, triple bar,

water, and similar jumps. Brush jump must have a visible bar on top or beyond. There will be a minimum of four (4) obstacles, with horses to jump a minimum of six (6) jumps and a maximum of eight (8) jumps.

- c. Jump-Offs: jump-offs are to occur for first place between the horses that tied for first place only. The jump-offs will be held over the original course. The number and location of the jumps are to remain the same as well as the path of the course to be taken by the horse (pattern). No jumps are to be eliminated or lowered. Individual jumps will be increased not less than one inch and not more than six (6) inches in height for each jump-off. After the maximum height has been reached with all jumps in a jump-off, any required final tie breaking will be accomplished by continuing to rerun the last course set-up until ties are broken and the class is placed. The horse with the fewest faults will be declared the winner. If the situation arises where none of the horses involved in the jump-off can complete the course without disqualification, first place will be awarded to the horse that got the furthest through the course before being disqualified. Should this still result in a tie, show management will have the option to lower and/or reduce the number of fences in the course. If this fails to break the tie, the winner will be determined by a coin flip. At Championship and World Championship Shows a jump-off will be held to determine the Reserve Championship/ World Champions in all jumper classes as well as the Champions.

(Amended 11-00, effective 01-02)

(Amended 02-14, effective 01-16)

- d. A competitor who does not take part in the jump-off must always be placed behind a competitor who has been eliminated in that jump-off. Tied horses under one ownership may designate the order of placement. All ties will absorb the placing behind in order. Example: A three way tie for third will absorb 3rd, 4th, and 5th, the next placing will be 6th. Points or prizes will be equal for all three—ribbons if available, will be the same, or if not available, they may draw for them.

(Amended 02-07, effective 01-08)

e. Scoring: in scoring jumpers, an in and out is to be considered as two (2) jumps. Jumpers are to be scored in a mathematical basis and penalty faults include knockdowns, refusals, and eliminations as follows:

1. Knockdowns: 4 faults

Knockdowns - an obstacle is considered knocked down when in jumping an obstacle, a horse or handler, by contact, lowers the established height of the fence in any way.

2. Refusals: Each refusal is three (3) faults.

A refusal is defined as stopping at an obstacle whether or not it is knocked down. It is penalized as a refusal. Stopping at an obstacle without knocking it down and without backing (even a single step), followed by jumping from a standstill is not penalized. However, if the halt continues or if the horse backs even a single step, side steps, or circles to retake the fence, a refusal is incurred. A run-out or refusal the horse must re-jump that obstacle at which the refusal occurred or be eliminated.

(Amended 02-07, effective 01-08)

3. Circling after crossing starting line: 3 faults.

Circling: any form of circle or circles whereby the horse crosses its original track between two (2) consecutive obstacles or stops advancing toward or turns away from the next fence except to retake an obstacle after a disobedience.

4. Crossing your own path (as in circling between fences, not as in retaking a fence from a refusal): 3 faults. A horse that has been penalized for circling cannot then be penalized again for crossing its own path at the same obstacle.

5. Causes for elimination:

1. 3 refusals

2. Off course

3. Fall of horse and/or exhibitor

4. Failure to pass through the start and/or finish cones and/or knocking such cones over.

5. Loss of control: dropping lead, horse running away, or horse exiting on its own.

(Amended 02-07, effective 01-08)

2. Hunters

a. Hunters are to be judged on a style, manners, and way of going with preference given to those horses who cover the course at an even pace, with free flowing strides, as in a brisk trot or canter, but must maintain same gait throughout course. Circling once upon entering the ring and once upon leaving the ring is permissible. Hunters must demonstrate at least one, but no more than four

(4) changes of direction. Sample courses are to be provided to show management. Charging fences or not maintaining the same gait throughout the entire course shall be penalized. Upon completion of the entire class over jumps, **horses will be trotted past the judge(s) for soundness check after each horse's individual go.** Horses shall not be required to rejump the course. Exhibitor's footwear is optional.
(Amended 11-21, effective 01-22)

- b. Jumps must be a minimum height of eighteen (18) inches and maximum of twenty-four (24) inches. Ground poles are required. There will be a minimum of four (4) obstacles, and horses are to make a minimum of six (6) jumps and a maximum of eight (8) jumps. **(Exception: Golden Hunter shall have four (4) jumps and one left turn).** Jumps must simulate those found in the hunting field, such as brush, stone wall, gate, white fence, chicken coop, over, and in and out. In and out is considered one obstacle and scored as such.
(Amended 11-21, effective 01-22)

Refusal of one element of an in and out requires the retaking of both elements. In and out must never be placed at the beginning of the course. Courses should be tried out so as not to make turns too sharp for an exhibitor or horse. Major faults to be considered are: knockdowns, touches, refusals, bucking or kicking, spooking or shying, showing obstacle to horse, or wringing tail.
(Amended 11-00, effective 01-02)

- c. Causes for elimination:
1. 3 Refusals
 2. Off course
 3. Crossing your own path
 4. Fall of horse or exhibitor
 5. Jumping of obstacle by exhibitor
 6. Carrying of whip
 7. An unsound horse
 8. Jumping of obstacle before being reset

9. Failure to pass through the start and/or finish cones and/or knocking such cones over
(Amended 11-00, effective 01-02)

CL-070 LIBERTY CLASS

The Liberty class is a demonstration of the natural beauty of the Miniature Horse. Horses are to be judged on style, grace, animation, gaits, presence, music suitability and ease of catching. Movement, action, carriage, charisma, boldness, enthusiasm and exuberance, will be the basis for judging the class.
(Amended 02-12, effective 01-13)

- A. The Liberty class may only be offered at shows where facilities include a closed arena and where the conditions would not be hazardous to horse or exhibitor.
- B. Horses will be judged beginning when halter is removed by the exhibitor (the individual wearing the number) and until caught by the exhibitor. Time of Liberty shall be 1 1/2 minutes; time to catch shall be 1 1/2 minutes.
- C. Only the exhibitor and one handler will be allowed in the arena with horse. Whips and shaker bottles are allowed, but touching the horse during performance with aids or hands will result in disqualification.
- D. Horse must be caught and haltered by exhibitor within 1 1/2 minutes or be disqualified.
- E. Music is required. Suitability of horse's movement to the chosen music must be evaluated.
- F. No assistance from outside of the arena will be permitted. Elimination will result unless the judge feels that the outside action was taken in an attempt to cause the exhibitor's horse to be disqualified. Announcement is to be made prior to the class to specify that no outside assistance is allowed.
- G. All horses entered in the Liberty class must be at least one year old.
- H. Exhibitor and handler must be properly attired.
- I. Horses should work both directions of the arena, use the entire arena and demonstrate an ANIMATED gallop and elevated trot. The duration (time frame) of either gait is not critical as long as both gaits are well demonstrated. Horses which perform without encouragement, other than a signal to change direction, are highly preferred.
(Amended 02-12, effective 01-13)
- J. The standard AMHA scoring sheet should be used for judging Liberty classes. The following point ratings must be used when judging Liberty: Style and Grace-30 points, Animation and Presence-30 points, Gaits-20 points, Music

and Suitability-10 points, and Catch-10 points. A total of 100 possible points.

- K. Baiting of horses to encourage an animal to perform is not allowed. Baiting in such class is a disqualification.

CL-075 OTHER PERFORMANCE CLASSES

- A. Costume classes are to be judged 75 percent on originality of costume and 25 percent on presentation. To be shown at a walk both ways of the arena.

Classes may be offered as follows:

1. Youth Costume
(Youth only, 18 years & younger)
(1 to 3 exhibitors and 1 to 3 horses)
2. Adult Costume
(19 years & older)
(1 to 3 exhibitors and 1 to 3 horses)
3. Group Costume
(any age exhibitor with two (2) or more exhibitors)
(Amended 12-01, effective 01-02)
(Amended 12-03, effective 01-04)

- B. Other performance classes may be offered as interest warrants. Some of the other approved AMHA performance classes are:

CL-080 Showmanship

1. Listed below are points on which Showmanship classes are to be judged. Only the handler is judged. The horse is merely a prop to show the showmanship ability of the youth but will be considered for appearance as per number 3 below.
2. Appearance of exhibitor: 10 points. Clothes and person neat and clean. Suitable clothes - hat, boots and long sleeved shirts/blouses or jacket are required.
3. Appearance of horse: 40 points – conformation not to be a factor:
 - a. Conditioning: 15 points
 - b. Grooming: 15 points
 - (1) Hair coat clean, well brushed
 - (2) Mane and tail free of tangles and clean
 - (3) Hooves trimmed properly and clean
 - c. Trimming: 5 points
If showing Miniature in full coat, inside of ears, long hair on jaw, legs and pasterns should be clipped.
 - d. Tack: 5 points
Tack should be neat, clean and in good repair.
4. Showing Horse in Ring: 50 points. The judge may use one of the following patterns in judging this class. Judge will discuss the selected pattern with contestants prior to class. The selected pattern must

be posted two (2) hours before the start of the class. Pattern One must be the only pattern for Youth 7 and Under and Special Needs Showmanship classes. (Amended 02-09, effective 01-10)

a. Leading: 15 points

1. Enter ring leading animal at an alert walk in a counter clockwise direction. Walk on animal's left side, holding lead shank in right hand near halter. The remaining portion of the lead is held neatly and safely in left hand. Animal should lead readily at a walk.
2. After judge has lined up the class in front of spectators, he will call on each exhibitor to move his horse individually. When moving the horse, be sure that the judge gets a clear, unobstructed view of the horse's action. Allow the horse sufficient lead so that he can move freely and in a straight line. Lead the horse from his left side the required distance, stop and turn to the right around the horse. Exhibitor should perform the showmanship pattern as directed by the judge or ring steward.

b. Posing: 15 points

1. When posing your horse, stand toward the front facing the horse but always in a position where you can keep your eye on the judge. The following Quarter System will be used whereby imaginary lines bisect the horse into four equal parts as seen in the illustration (Note: the quadrants are numbered I, II, III, and IV for ease of identification). One line runs across the horse just behind the withers. The other imaginary line runs from head to tail. The exhibitor should lead the horse straight to the judge so the judge can evaluate the horse's front leg movement. Once the horse is safely located in front of the judge, the horse should be squarely set up for inspection and the exhibitor then locates in the proper position in quadrant IV. As the judge moves to quadrant I the exhibitor should stay in quadrant IV. When the judge moves on to quadrant II the exhibitor then moves to the proper position in quadrant I. When the judge moves to quadrant III the exhibitor moves back to quadrant IV. As the judge moves to quadrant IV, the exhibitor once more moves to quadrant I. The exhibitor should never stop in the unsafe location directly in front of the horse. When the judge returns to his position in front of the horse, the exhibitor should await instructions from the judge. When released by the judge the horse should be pivoted directly in front of the judge and moved away in a straight line so the judge can observe the horse's rear leg movement.

This system results in the exhibitor always being in a safe position, the exhibitor always being able to see the judge and the horse's position, the exhibitor always being in a position to keep the horse's hindquarter from swinging toward the judge should the horse become fractious

- and unsafe for the judge, and the judge being in a safe position at all times to evaluate the exhibitor's ability to show the horse as desired.
2. Pose your Miniature with his feet squarely under him. Do most of your showing with the lead strap. Never touch or kick the horse's leg into position.
 3. Do not crowd the exhibitor next to you when in a side-by-side position. Do not crowd exhibitor in front when lined up head to tail.
 4. When judge is observing other animals, let yours stand if posed reasonably well.
 5. Be natural. Over showing, undue fussing, and maneuvering are objectionable.
 - c. Poise, alertness, and merits - 20 points
 1. Keep alert and be aware of the position of the judge at all times. Do not be distracted by persons or things outside the ring.
 2. Show the animal at all times, not yourself.
 3. Respond quickly to requests from judges and officials.
 4. Be courteous and sportsmanlike at all times.
 5. Recognize quickly and correct faults of your horse.
 6. Keep showing until the entire class has been placed and excused from the ring.
 7. A judge may ask an exhibitor questions (optional) exhibitor number, parts of horse, age, etc.
 8. A judge may ask an exhibitor for any additional tests at his/her discretion, (optional), upon completion of one of the nine (9) set patterns.

SN-000 SPECIAL NEEDS DIVISION

SN-010 REQUIREMENTS

All show rules apply to the Special Needs Division except where specifically modified in the passages below regarding the Special Needs Division. All participants who enter an AMHA Special Needs class are responsible for knowing the division rules.

A. Special Needs Eligibility

For horse show purposes, persons competing in this division must have a disability in compliance with the Americans with Disabilities Act (ADA). A disability is defined by the ADA as: "A physical or mental impairment which substantially limits one or more major life activities; or a record of such impairment; or being regarded as having such an impairment."

1. Reasonable accommodations shall be granted on a case by case basis. A reasonable accommodation is any modification or adjustment that makes it possible for an individual with a disability to enjoy equal opportunities.

B. Age Requirements:

The Special Needs division will have two sub divisions of classes: Youth classes and Adult classes

1. Youth Special Needs classes are open to contestants 18 years of age and under (refer to section YD-010-A).
2. Adult Special Needs classes are open to contestants 19 years of age and over (refer to section CL-025-B-3).

C. Ownership

Any horse exhibited does not have to be owned by the exhibitor to acquire AMHyA and AMHA World Championship Show Qualification points (see WS-030); however, in order to qualify for AMHyA and AMHA Titles and Awards and Honor Roll Points, excluding World Championship Show Qualification (see WS-030), the horse must be owned or leased (see lease rules) by: the exhibitor, either individually or jointly, the family (spouse, mother, father, brother, sister, niece, nephew, son, daughter, grandchild, grandparent, legal ward, in-laws, step-children, step-parents, step-siblings), or family owned corporation, ranch or farm. Refer to YD-010-C for other ownership guidelines that will apply to Youth Special Needs Classes. All Adult Special Needs classes will be conducted under the regular division rules (refer to GR-010 for other requirements).

D. Points

A contestant may exhibit more than one horse; however, the points earned by the contestant with each horse will be compiled separately.

1. Points will be compiled on a one horse/one contestant

basis in Youth and Adult Special Needs events with the exception of Showmanship points. Showmanship points will remain with the exhibitor.

2. Points are to be awarded on the same basis used in regular division classes.
3. In the event a horse is sold, a new start must be made by the new owner.
4. Adult Special Needs classes will require a minimum of six (6) points to qualify for the AMHA Honor Roll. All other ownership rules outlined in this section and Honor Roll rules outlined in PA-025-A will apply.

Refer to YD-010-D for other requirements regarding points in Youth classes. Refer to PA-010 for point requirements in regular division classes.

- E. Only mares or geldings are to be shown in Youth Special Needs classes.
- F. Only pattern Number 1 is to be used in Special Needs Showmanship classes. See CL-080 for other Showmanship rules.
- G. Headers for Youth Special Needs classes (all ages) are optional (except driving) and may enter the ring during the class with the youth. Headers for Adult Special Needs classes are optional (except driving) and may enter the ring during the class with the Adult. (Amended 02-08, effective 01-09)
Youth or Special Needs driving classes requiring an accompanying person for safety, (Adult for all Youth classes), requires that the accompanying person remain in the cart at all times until the exhibitor leaves the arena. A separate header will be required for all youth drivers with an accompanying adult. The accompanying adult will not assist the driver verbally or physically. The touching of the driver by hand will constitute assistance. The accompanying adult's hands must remain on the seat, on the cart, or in their own lap. Any assistance will result in automatic disqualification of that entry.
- H. Special Needs exhibitors shall be excused from wearing the required attire, except in Showmanship classes.
(Amended 02-09, effective 01-10)
- I. In Special Needs classes, exhibitors shall be lined up with at least two (2) horse lengths between each exhibitor.
(Amended 02-09, effective 01-10)
- J. All exhibitors must follow the driving class general rules in CL-030 with the exception that headers in the line-up are required. An adult or senior youth (13-18) shall be permitted to accompany the driver. An optional header may be allowed in the arena throughout the whole class. The header must stand quietly where the ring steward indicates and shall not gesture or signal to any of the drivers. The exhibitor is

responsible for controlling the horse.
 One style of driving is to be demonstrated: Single Pleasure, Country Pleasure, or Classic Pleasure.

The judging shall be based 60 percent on the exhibitor's performance, 30 percent on how the horse is performing according to the style in which it is being driven, and 10 percent on the appropriateness of vehicle and attire for the style of driving.

WS-015 JUDGES FOR WORLD CHAMPIONSHIP SHOW

- A. Number of Judges

The number of judges required to judge the World Championship Show shall be two (2) teams of **three (3)** separate judges each. One team will judge all open classes and all performance classes other than youth and amateur. Team 2 will judge all youth and amateur classes. Specialty classes will be divided between the two (2) teams.

(Amended 11-21, effective 01-22)

- B. Selection of Judges

WS-025 JUDGING SYSTEM

- A. **The World Championship Show will use teams of three (3) AMHA carded judges on each panel, all of whom were approved by the Licensed Officials Committee. All three of the judges' cards/scores will be used to determine class winners. If a tie results, the call judge's placing will be used to break all ties. If a tie still results from the first call judge's card, the tabulation moves to the second call judge, then the third until all ties have been broken.**

(Amended 02-07, effective 01-08)
(Amended 06-09, effective 01-10)
(Amended 11-21, effective 01-22)
- B. Class splits for Halter classes will be determined at the discretion of the Show Manager; however, it is mandatory that all classes be split at forty five (45). Each judge will place ten (10) horses out of each go round first through tenth. Using the accumulated point system, the Top Ten from each go round shall be designated semi-finalists. The numbers of the semi-finalists shall be posted as soon as possible after tabulation is completed. The semi-finalists will return to the ring to determine the final Top Ten. Finalists shall return for judging at a later time for selection of Champions and Reserves and down to tenth place.
- C. Driving classes will numerically be split as equally as possible based upon the length and width of the arena, multiplied by two, to determine the running feet of the arena and then divided by 36 running feet per horse. Each judge will score their top ten horses. Using the accumulated point system, the top ten from each go will be considered as possible finalists. The Show Manager will bring back the maximum amount of horses possible per split, but not to exceed ten or a number that exceeds the maximum allowable exhibitors for

the running feet of the arena. If final is run immediately after splits, the paddock master will separate and send split A into the ring followed by split B with the two minute gate rule being strictly enforced.

(Amended 02-11, effective 01-12)

(Amended 02-14, effective 01-15)

- D. Championship shows will be judged with a three (3) judge system wherein all three scores will be used in the tabulation for class placing.
- E. Show management reserves the right to judge classes in two (2) rings simultaneously if suitable and necessary. When it becomes necessary to use two (2) rings, they shall be divided into halter and performance (single work classes). Each performance exhibitor shall be extended all courtesy and consideration with a view to affording them the opportunity to show each horse in each class.

WS-027 ORDER OF GO

- A. At the discretion of the management of the World Championship Shows and Championship Shows, random go orders may be generated by the computer for judging any classes, both performance and halter.
(Amended 02-02, effective 01-03)
- B. A horse entering the ring in the wrong order or have missed entering the arena in the assigned order will be eliminated from competition. It is the exhibitor/handler's responsibility to enter the arena in the posted order of go. Deviations to the order of go may only be made by Show Management, and only in the cases of extraordinary circumstances, i.e., use of two show arenas, broken equipment, etc.
(Amended 02-05, effective 01-06)
- C. The Regional Championship or World Show Manager has the authority to design course and showmanship patterns increasing the level of difficulty within the direction of rule CL-080.
(Amended 02-12, effective 01-13)

WS-028 MEASUREMENT OF HORSES

- A. Once show officials have followed the rules for measuring the horse (GR-020) and the horse has been measured, the measurement becomes the official height for that show and is not protestable once the horse enters the ring. The height of the horse will be posted three (3) hours prior to the horse entering the ring. If any horse is shown where measurement was not posted (unless through show management error) in accordance with the above, its height can be protested up to one hour after its class is completed. If a protest is filed, the procedures for protest as outlined in GR-050 must be followed. **The AMHyA World Show and AMHA World Show shall be considered separate events but use the same measurement. A horse entering the AMHyA show must be**

protested prior to its first youth class. At the conclusion of the AMHyA World Show, all results and placings will be considered final. Any horse showing in the AMHA World Show (i.e. Amateur & Open Divisions) will be protestable even if it showed in Youth, but the protest must be made prior to the horse's first class in the AMHA World Show Amateur/Open Show. Protests made during the Amateur/Open section of the World Show shall not affect placings in the AMHyA youth show.
(Amended 11-21, effective 01-22)

- B. If a horse shows in two (2) different height classes during the World qualifying period and at the World Championship Show the horse measures in the taller height class, the horse must have the required number of points of the taller height class to be able to compete at the World Championship Show. Points may be accumulated and combined in all height classes throughout the World qualifying period to qualify for the higher height class, but may not be used to qualify for a lower height class than the class in which the points were earned.
(Amended 07-02, effective 01-03)
(Amended 02-07, effective 01-08)
- C. Beginning in 1998, World Championship and Championship Shows to use measuring stick as described in GR-020-B.
